Dear Sir,

After consultation with the Secretary of the Treasury I adopted the form of the bill reported by me this session as on the whole the best.

I think there would be quite as much chance of the passage of the measure in this shape as in the one you propose, and it has the advantage of being simpler, and more just to the claimants.

Believe me dear Sir  
Faithfully yours,

My Dear Sir:

Your private note of the 4<sup>th</sup> inst. is received.

I have listened carefully to Mr Granger, and have said to him that no action would be taken for the relief of the parties whom he represents, from the legal penalties to which they have made themselves liable, without a full report from the Collector and the District Attorney and a recommendation that such relief should be given.

You are mistaken, I apprehend, in supposing that this Department has been

belonging to the United States and built in Baltimore City and lying  
at a packet between Galveston and New Orleans.

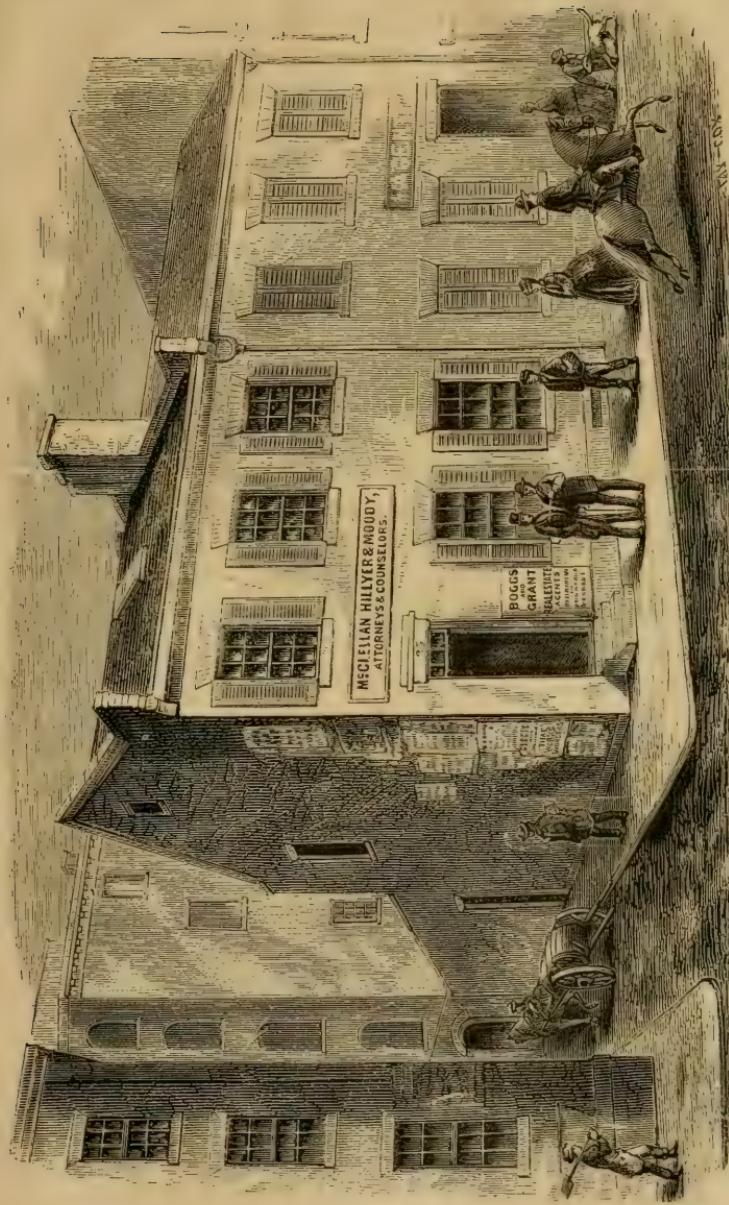

I and Alice were wretched about the middle of June last on our trip from New Orleans to Galveston, on the Bar at the mouth of the harbour.

My Dr. I declare my views on that subject in my Val. Add. to the Leg. Assoc.  
last Jan, supporting them with arguments. I remain  
unmoved in those views; & the  
course I went to add the good  
of experience to my former con-  
victions, which were the result  
& reasoning. Still I used to,  
support the plan of Congress, which  
is less radical, less content, &  
at the same time less remedial  
thealing. There is nothing quite equal  
to that truth. I send the pamphlet to you  
Yours very truly

The numerous testimonials  
from well known and reliable  
gentlemen which accompany  
Capt. Laupffer's application  
place his character and  
deserts in so strong &  
light, that I do not hesitate  
to endorse his application and  
request such favorable action  
upon it as the law will  
permit the President to take.

that no reader is in need of exertion to

glad the meeting is postponed

to be on hand when it does  
come off. To day I have the  
Market houses on my shoulders  
Butchers and City Councils file  
my thoughts and enjoy my  
labors & time. While you say
